

Our work now is to sit,
to walk,
to be in beauty:

to see

to hear

to feel

to taste

to realize

the Earth,

solar systems,

galaxies,

the universe,

fractal
holographic
synergetic
vibrating

ourselves:

fractal
holographic
synergetic
vibrating

in a synthesis,

even a (Sufi) swirling

synesthesia, of

universal beauty.

fractal
holographic
synergetic
vibrating
